

BLUNT

Prerequisite: [Time Lord](#)

For some reason, the Time Lord's mind is atypically unreceptive to telepathic stimuli.

Effect

The Time Lord may not take any traits related to powers of the mind, like Precognition, Psychic, Telekinesis, Telepathy or the Special version of Hypnosis.

This also weakens the symbiotic link with the TARDIS, which has to 'yell' at the Time Lord like a relative in need of a hearing aid, and this adds +2 to the Difficulty of all attempts to operate it. You gain 1 Story Point.
