

HOT SHOT

Some people are a natural when it comes to most forms of transport. They can fly planes through the harshest of thunderstorms or drive cars at high speeds without crashing. They are the best of the best when it comes to piloting vehicles.

Effect

Hot Shot is a Minor Good Trait providing the character with a +2 bonus to all Transport rolls. This bonus is especially effective when used to push the speed of a vehicle, as they can get the best performance from the craft.
